Overview

Area 2.5 hectares or 6.17 acres. Construction area 300 m² or 3,200 sq ft. Sun Real Estate Costa Rica offers you a fine private modern house in a spacious ocean view property. This beautiful luxury house for sale is located in a high-class residential area called ?Finca Los Suenos?. This place is found close to San Juanillo beach and the property is very private. In this residential area is a high-class international community, from Costa Rica and international people all over Europe and the world. San Juanillo is a beautiful white sanded dream beach that looks like an island, there are two shores, and one of them is used by fishermen. both sides are great beaches for swimming, diving, and snorkeling. There is a walkable high-altitude outlook that will give you enchanting views of this beautiful coast. Moreover, watching the sun go down in this part of Costa Rica is magical, and unwinding perfectly for taking a day off. San Juanillo is located on what we call the Gold Coast of this country, here are the most visited, beautiful, and exotic beaches in Costa Rica. Tourism in this area is amazing because it's very busy throughout the whole year. Being in the gold cost makes San Juanillo a gold mine and calls the attention of a lot of tourists and local visitors, but still not as much as the other beaches. This is a good location for starting your home business. Here you will find yourself in the dry tropics region of the country, normally hot, but the ocean has mostly a nice wind with excellent temperature.
