Overview

The contemporary exterior of the project is harmoniously combined with the interior, created by using advanced technologies, modern engineering systems and design solutions. Respectively to the high standard of the project, everything here is done with attention to details, the construction and finishing materials are of the highest quality too. The development offers an impressive lifestyle for those appreciating the comfort of a contemporary gated complex. It is located in one of Limassola's sought-after areas, within a 10-minute walking distance to the beach. Quiet surroundings, proximity to the sea and all city amenities including supermarkets, restaurants, cafes, groceries, banks, pharmacies, provide the ideal conditions for a happy family living. At the same time, due to its favorable location the project guarantees to be a successful investment generating substantial rental yields. December -2023
