Overview

Welcome Home! Upon entry from the inviting covered front porch, youll find the living room which features crown moulding. Then venture into the dining room which has an abundance of windows next to a sitting bench. From there, go into the fully remodeled kitchen complete with white shaker cabinetry, granite countertops, ceramic tile backsplash, and a full stainless steel appliance package! The main level bathroom is located next to two bedrooms of good size. The bathroom has a new vanity with ceramic top and a linen closet behind the door. Luxury vinyl plank flooring is found throughout the main level. Upstairs youll find new carpet throughout the stairwell, family room, and third bedroom. The upstairs bathroom features a custom walk-in tile shower, a new vanity with granite countertop, and built-in storage. If this wasnt enough, the home features tip-in vinyl windows for added convenience. Also new in 2024 includes a new AC unit, new garage roof, and vinyl privacy fence.
