Overview

A rare beauty! The luscious light-flooded interior with oversized rooms and several flex rooms provides multiple options for your use. The large, comfortably elegant living room has a fireplace and off the living room is a flex room with a private balcony. The kitchen is for gathering with family and friends; has abundant wood cabinetry, a big, well-used Garland range with double oven, a Sub-Zero refrigerator, 2 sinks and an island. A wall of windows and sliders opens to the deck with its private views. Two offices, a laundry closet and half bath complete this floor. The primary bedroom is awesome, with its vaulted ceilings, size, skylights and window seat, plus a walk-in closet and lovely marble bathroom. 2 additional bedrooms share the 2d full bath. Stairs from the deck lead to the wondrously-sized private fenced yard; there is plentiful basement storage; and 2 tandem parking. Terrifically located near the Porter Square T, commuter rail, Raymond Park and so many restaurants and shops
