Overview

Having two living areas is fantastic, perfect for hosting gatherings or simply enjoying different spaces with family and friends. Movie nights in one, board games in the other endless possibilities! The master suite a retreat within a retreat! Double sinks mean no morning bathroom traffic jams, and a separate shower adds a touch of luxury. And that walk-in bedroom nook? What a charming idea! A cedar chest and a cherished photo personal touches that make a house feel like home. The heart of any home, a wonderful kitchen for creating meals whether its whipping up a gourmet feast or just making a comforting bowl of soup. And the refrigerator staying put, thats a bonus! Plus, an extra large pantry, snack heaven! A large island perfect for meal prep, casual breakfasts, or even impromptu dance parties. And a separate eating area for your favorite dinette set, sounds like cozy meals await! Newer furnace and hot water heater practical essentials. And an immaculate, well-taken-care-of home!
