Overview

Look no further then this custom built cape in highly desired neighborhood. A true gem on the inside an out with a design built for entertaining and relaxing. A wonderful oasis of mature landscaping surrounds the front and back yard. Enjoy a morning coffee or an outside movie night from the expansive back deck with multiple tiers to allow for various entertainment and gathering options. An oversized layout on the inside offers a large front to back living room with wood burning fireplace which cross over to a traditional dining room and large eat in kitchen with L shape granite island. An inviting game room with cathedral ceiling connects the kitchen to the large attached garage with bonus office space above. The main bedroom with updated ensuite bath and multiple closets along with 2 more generous sized bedrooms and full bath complete the 2nd floor layout. Tons of storage offered in full basement with walkout garage access and so much more make this one a must see!
