## Overview

Experience the Olivia at Easton Park where luxury meets practicality, and every detail is crafted with your comfort and enjoyment in mind. This Proposed 1.5-Story Residence is nestled on an Expansive Lot 158 offering abundant space both indoors and out. Featuring a 3.5 Finished Car Garage with an additional 7 ft in depth and a Rear Overhead Door, this home is designed for practicality and luxury. Built With 2x6 construction, it boasts exceptional durability and craftsmanship, ensuring it exceeds your every expectation. This Home Can Be Fully Tailored To Your Preferences, Designed and Built to Reflect Your Unique Vision and Personal Modifications. Upon entering through the Double Front Doors and full front porch, you are greeted by the grandeur of the first floor. The Oversized 2-story Great Room steals the show with its Floor-to-Ceiling Windows that flood the space with natural light. A Custom 2-story Gas Fireplace adds warmth and character, creating an inviting atmosphere. The open concept dinette and kitchen area is perfect for entertaining, featuring White Cabinets, Granite Countertops, an Oversized Island, and a Walk-In Pantry. Just off the foyer is a flex room, providing versatility for a home office, dining room, or additional living space according to your needs. Ascend the beautiful staircase to discover the main bedroom retreat,

complete with Dropped Tray Ceiling, a Spacious Walk-in Closet, and an ensuite bathroom featuring a Double Bowl Vanity with Quartz countertops. Three additional large bedrooms ensure comfort and privacy for all occupants. The home includes an Unfinished Basement, presenting an opportunity for personalized customization to suit your preferences and lifestyle. Outside, a Full Landscaping Package with a Sprinkler System enhances the curb appeal and ensures easy maintenance of the grounds. Photos provided are representative of a previously built Olivia model home, showcasing available options and potential finishes.
