Overview

Beautiful home with a lot of updates and the backyard is a great place for your family and friends to enjoy! Updated and well maintained home along with a finished walkout basement. The lower level includes a kitchen, living areas and a full bathroom. Also featuring on the first floor are both living and dining rooms plus a family room. The kitchen and breakfast area layout allows for both table dining and a breakfast bar. The primary bedroom features an oversized wrap-around closet and a bath layout that includes dual vanities, and a linen closet. The oversized loft is another great living area. The utility room is located upstairs for convenience, includes an extra door for a direct pass-through to the primary closet, and features a folding counter. Wonderful location in Lexington with easy access to schools, shopping and sporting events and entertainment.
