Overview

Sprawling Biddeford 4-unit has three vacant apartments and one apartments with a long term tenant + a large parking lot. Two of the vacant units (one 2BR and one 4BR) have been freshly renovated and are ready to be moved into or leased up for market rate. The other two units (another 2BR and 4BR) offer an opportunity to add value on turnovers. The building has solid bones and great layouts, though the exterior could use some attention in the near term. This is the perfect building for a "weekend warrior" to add value with a little time and effort.
