Overview

Attention investors and first-time homebuyers! This charming ranch home welcomes you with an inviting living room flowing seamlessly into a generously sized kitchen. The main level accommodates two bedrooms and a full bathroom. The primary bedroom, once two separate rooms, has been thoughtfully converted into a spacious primary bedroom by the previous owner, though it retains the potential to be restored to its original configuration. Unique to this locale, the home boasts a finished walk-up basement, enhancing its living space. Here, you'll find an additional full bathroom and a versatile room, complete with a closet and a non-egress window, perfect for various uses. Outside, a detached two-car garage adds to the property's appeal, providing ample storage or workspace. This home not only promises a cozy living experience but also offers the flexibility and potential for personalization, making it an exceptional find in the neighborhood. Home backs up to Beaumont Middle School field.
