Overview

This spacious West Bethlehem home, located just steps from Bethlehem's Historic Main Street, has been thoughtfully designed and has a stunning floor plan. The 1st floor features a generously sized living room and family room featuring hardwood floors, a fantastic dining room with hardwood floors and kitchen with granite counters / tile floors, as well as a nicely updated half bathroom. The 2nd floor has two nicely sized bedrooms, including one with a huge walk-in closet. The gorgeous must see bathroom offers heated tile floors, custom tile shower, gorgeous glass and a soaking tub, just beautiful. A dedicated laundry room completes the 2nd floor. The 3rd floor is a dedicated master suite with gorgeous hardwood floors, with a stunning vaulted ceiling, large walk-in closet, sitting room and a full bathroom with heated floors. Outdoors, this home has a larger-than typical fenced backyard with a nearly 500-square-foot patio that provides near-perfect views of local fireworks displays. There is also a 2.5 car garage, ensuring you'll always have a parking space when Bethlehem's major festivals roll into town. Schedule a grand tour of this beauty.
