## Overview

You'll love the warm feeling as your new home welcomes you with an open concept first floor featuring a mudroom with built-in cabinets/closet/pantry and half bath, also granting access to the cellar, attached garage and a LARGE fenced back yard. From here enter your beautiful eat-in kitchen with granite counters and tile floor, connected to your lovely dining room with built-in china cabinet and a spacious front to back living room complete with a pellet insert fireplace that warms the whole home! Also included is an amazing sun room with sliders providing you access to your brick patio and large trex deck where you can overlook the beauty of your expansive tree lined yard! Upstairs you'll find two newly updated full baths and 3 beds including master with built-in vanity/desks and double closet. Easy highway access for commuters and within walking distance to local schools and sports fields! Zoned Residential/Commercial.
