## Overview

Welcome to this extraordinary 4-level, fully remodeled gem, where modern luxury meets artistic flair. This stunning home, completed in 2024, features 4 spacious bedrooms and 2.5 beautifully designed bathrooms. Enjoy cozy nights by the wood-burning fireplace, while new windows and siding ensure energy efficiency and curb appeal. Step into the open floor plan and marvel at the elegant kitchen and dining area, highlighted by a striking black, white and gold Venetian plaster TV wall. The main level also includes a convenient laundry room with a pantry, adding to the home's functionality. Retreat to the master suite, which boasts a walk-in closet and a newly upgraded luxury bathroom with hand painted designs. The finished basement, complete with a sink, offers versatile space for relaxation or entertainment. The huge, fenced backyard is perfect for outdoor gatherings, and the two-car garage features a sleek epoxy floor, combining practicality with style. This home stands out with its unique art designs throughout, making it a truly one-of-a-kind property. Don't miss the chance to experience this exceptional home!
