Overview

The best of all worlds! Located on a generous lot at the edge of NWX and downtown this home allows you to be minutes from the heart of NWX, downtown to enjoy shops and restaurants or Phils Trail to enjoy miles of trails. A well thought out open concept floor plan gives plenty of options for family or guests. The primary is located on the main floor with an additional flex room with access to its own full bathroom, perfect for a 4th bedroom or a private office. A focal point of the kitchen is the center island with a timeless SS countertop with cabinets for additional storage. Soft close drawers and a walk in pantry top it all off. Tall mature trees framing a covered paver patio make the backyard a very private haven for outdoor summer entertaining. Lush grass with raised beds give ample space to keep kids and/or pets to keep busy. So many options with this charming home. You choose!
