## Overview

If you are looking for privacy this could be it. House sits above street and next to stream. Minimal neighbors but still convenient to main street. Lots of trees and nature surrounding the property. Large deck in front to take in the forest and enjoy the serenity. Interior space is all on one level with a few steps up from parking area to deck and front door. Living room and kitchen are one open space with plenty of windos to enjoy the views. A free standing wood burner in living room will heat the whole house nicely and central heat works well also. There are two bedrooms besides the primary suite and a full bathroom as well. Primary bedroom has walk in closet and another closet as well. Large walkin shower and double sink in the bathroom. Storage shed to store you outdoor tools. Parking for five vehicles easily.
