Overview

Serene setting in Liberty Township!! Tons of updates for the new owner to take advantage of--new windows throughout, new carpet, new well pump in 2020, the roof is six years old--home is clean! Just enough space not to be on top of the neighbors but with tree line for seclusion. Enjoy your backyard views of all the Michigan seasons in the sunroom. Partially finished basement extends your square footage- with a possibility for a non-conforming bedroom. Septic pumped out in 2023. Patio and firepit already in place for you to invite your friends over for fun or just have a simple, peaceful night to yourself. Main level primary bedroom with ample room sizes! Close to Jackson College, MacCready Nature Reserve and US 127. So much to love here on Skiff Lake Rd!
