Overview

This beautifully designed Dunbarton home is only a year old and beats any new construction out there: Owners have added close to 30K in upgrades in a short time, including custom blinds, generator, fencing and more! A kitchen is the hub of a home and this one is gorgeous! Featuring top of the line appliances, beautiful quartz counters, tile backsplash and oversized island...you're sure to be the envy of your friends and family when they come for holidays. Perfect layout for entertaining as the kitchen opens into the gas-fireplaced living room (check out those soaring ceilings!) plus there's a formal dining room with classic millwork. The first floor primary suite is big and has upgraded shelving in the walk-in closet + a beautiful tiled shower with custom glass door. A 1/2 bath, pantry and laundry room round out the first floor. Upstairs you'll find a full bath and three bedrooms (one of which would make a nice office or game room). A full walkout basement with high ceilings makes for great storage or future living space. Sit on your covered front porch that overlooks the quiet country road or enjoy the wooded privacy and 5+ acres from your back deck. Dunbarton is a wonderful place to call home with a true small-town feel and the benefit of being 20 minutes from all the dining and shopping Concord has to offer. Enjoy the outdoors on weekends hiking the local trails or exploring this beautiful area. Welcome home!
