Overview

Must see! Lovely colonial-style, detached single-family cluster home sited on a quiet cul-de-sac in popular Greystone Village. Special touches include a covered front porch, attached 2-car garage, and high quality LVP flooring on all finished levels. The main level includes a formal dining room with custom light fixture, a large eat-in kitchen with stainless appliances and access to the rear deck, and a great room with vaulted ceiling and double-stacked windows that provide an abundance of natural light. The second level includes the primary bedroom with walk-in-closet and ensuite with soaking tub and separate shower, plus two bedrooms with double closets that share the hall bath. The lower level is a fully finished with space for whatever is desired - home office/exercise room/arts and crafts/playroom. Updates: Furnace and AC (2021); LVP flooring (2020 and 2022); kitchen appliances (2018-2021); main floor light fixtures and door knobs, ceiling fans in BR #2 and #3, window blinds in bedrooms and living room (2020); 3 toilets (2018); main level half-bath remodel (2018); basement finishing (2017). Make sure to check out the links for the 3D immersive video and the cinematic video, along with the 2D and 3D floorplans in the main photos area. The low \$150/month HOA fee includes lawn maintenance, grass cutting, snow and trash removal and stress free living! Greystone Village has a community pond and 11 cul-de-sacs, each with 6 single-family, detached

cluster homes, which makes it the perfect community for walking, jogging, biking, or relaxing on the front porch or back deck. Macedonia has everything you need from major shopping and dining to a community recreation center with a pool. The Summit County Hike and Bike Trail and the CVNP Towpath and other hiking trails are all close by. Exceptional highway access to both CLE and AKR via Route 8/I-271.
