Overview

Flowers Crossing has consistently served as a premier destination for luxury living within the highly coveted Forest Hills Eastern District, attributed to its desirable footprint, location, and privacy. This custom Lighthart home features a meticulously designed layout comprising four bedrooms and three and a half bathrooms, characterized by a high level of finish and attention to detail. Over the years, the homeowners have undertaken numerous updates in collaboration with the renowned custom home builder Insignia Homes and Todd from Tru-Kitchens, resulting in renovations, remodels, and refinishes throughout almost every area of the residence including the meticulous maintained landscape with extensive landscape lighting. The main floor has been enhanced with new paint, flooring – including carpet and tilewall coverings, countertops, and appliances. Noteworthy features of the home include a gourmet kitchen and an eating area that provides direct access to a screened-in three-season paradise room. The great room is highlighted by vaulted ceilings and a dual-sided fireplace. The master suite is equipped with heated floors, custom cabinetry, and elegant tile and marble finishes. Additional amenities on the main floor encompass a spacious home office or flex room, a laundry area, a half bath, and a sizable deck overlooking a secluded

backyard. The stunning renovations extend to the lower level, which includes a new wet bar with a kitchenette, a large family room featuring a fireplace, three additional bedrooms, and two full bathrooms. Furthermore, the property has seen significant updates such as the installation of a newer HVAC system, a new deck, a driveway, and a whole-home generator. The roof was replaced in 2015, and the entire exterior of the residence was painted two years ago. In total, over \$375, 000 has been invested in this property, rendering it turnkey ready for its next homeowner.
