Overview

Remodeled rental house within walking distance to Skyview Elementary in Yukon. This home features a HUGE living area with a built-in fireplace. Luxury Plank Vinyl floors line the entire home other than the bathrooms which have tile. The master bedroom is a great size and features a walk-in closet along with a shower. The two other rooms share the guest bathroom which has been remodeled as well. The kitchen was freshened up with a new granite countertop, back splash and painted cabinets. The backyard features a nice, covered patio along with a storage building.
