Overview

Gorgeous all brick ranch home with 4 bedrooms and 2 full baths on two and a half acres and a beautiful country setting. It features a full unfinished walk-out basement roughed in for an additional bath as well as a spacious living room, large kitchen, fireplace in living room (which is great to entertain the whole family). This is a one owner custom built home. You have to see the views from the covered back porch over looking the farm to understand the serenity.
