## Overview

Welcome to this rare gem! This stunning 2,300 square foot, 4-bedroom, 3-bathroom residence, built in 2020, features an open floor plan with expansive living and dining areas that are perfect for both relaxation and entertaining. The modern kitchen boasts state-of-the-art appliances, sleek countertops, and ample cabinetry. The luxurious primary suite includes a large en-suite bathroom with double vanities, a soaking tub, a separate shower, and a generous walk-in closet. The split floor plan upstairs offers additional privacy with three additional bedrooms, a laundry room, a tankless water heater, a water filtration system, a water purifier, and a Tesla car charger in the garage. Nestled in a serene setting with no neighbors behind, this home offers ultimate privacy and tranquility. Schedule a viewing today and experience this exquisite property for yourself!
