Overview

Welcome to this beautiful home built in 2023, offering contemporary living on 3.34 acres. Enjoy the elegance of brown LVP flooring and Anderson windows throughout, complemented by vaulted ceilings and 4-inch baseboards for a modern feel. This home features convenient first-floor living, with potential to finish the basement for additional space. The property includes a serene pond and plenty of room to enjoy the outdoors. Modern touches and lighting enhance the home's appeal, and the two-stall garage provides ample storage. This is the home you've been waiting for schedule a viewing today!
