Overview

This stunning pond front post and beam contemporary offers luxuriously appointed living areas, calming water views, a private and spacious yard with stairs leading to a floating dock on the pond, as well as multiple decks for entertaining or quiet times alone. The interior has been remodeled in recent years to include new flooring, new modern kitchen, and new baths meaning you can simply move in. Additionally, the home is set back on a cul de sac street for quiet enjoyment yet close to the beaches, the bike path, the dining, and everything that you love here. Opportunities in life present themselves when they are supposed to. This is to be YOUR 'Happy Place' and missing out on it is not the way this is meant to go. So don't.
