Overview

This stunning property sits on a .92-acre lot and boasts a luxurious 1st floor primary bedroom with a tray ceiling, spacious walk-in closet, double vanity sinks, garden tub, separate shower, and water closet. The open floor plan features a kitchen that opens to the family room, which includes a vaulted ceiling. You'll find plenty of bright white cabinets in the kitchen and hardwood floors throughout the 1st floor, except in the primary bedroom. The 2nd floor showcases two sizable bedrooms, a loft, and a bonus room, all with new carpet. 2" blinds are installed throughout the house. Outside, the fenced backyard includes a deck with trellis and two separate patios, one with pavers and one with gravel, perfect for a firepit. Additionally, there's a 16 x 10 storage shed that can be used as a workshop or outdoor equipment storage. The property also features a fantastic side load 2-car garage with extra storage space.
