## Overview

Discover the perfect blend of space, privacy, and convenience in this beautifully updated 4-bedroom, 2-bath home. Nestled on a serene 1.64-acre lot backing onto protected land, this property offers a peaceful retreat without sacrificing accessibility to urban amenities. Whether you're a contractor needing a home office, a multi-generational household seeking ample space, or someone looking to escape the city hustle, this home delivers on all fronts. Recent improvements that include a new 4-bedroom septic, gleaming hardwood floors throughout the first level create a welcoming atmosphere, new carpet in the bedrooms, updated bathrooms, and newer windows and roof. The spacious layout accommodates both work and everyday living, with plenty of room for a dedicated home office and versatile living areas. An oversized 2-car attached heated garage provides convenient parking, while an additional detached garage with a storage shed offers extra space for equipment, hobbies, or vehicles. The versatile layout of this home provides flexibility for various living arrangements, making it ideal for those requiring separate living spaces. Located near top rated schools, parks, lakes, and shopping!
