Overview

Wonderfully restored 2 story farmhouse on a nice corner lot, with newer siding, updated windows, beautiful new plank flooring throughout, nice open floor plan and LOTS of square footage for the money!! The entire upstairs was just recently remodeled and is like brand new! The main floor offers a nice size mastersuite with a 1/2 bath and vaulted ceilings. There is also a study or office off of the living room, along with a large enclosed back porch and storage galore! The home offers many custom built-ins and also includes all appliances including newer washer/dryer! The backyard offers plenty of space for those family gatherings and there is also a small garage for safely storing your car or overflow storage/toys, etc!! Located within minutes of Paw Paw Lake and all of that summertime FUN!
