Overview

This St. Joseph home provides main-floor living and is conveniently located within the St. Joseph Public School system. It features a spacious great room with a vaulted ceiling, Palladium windows, and a wood-burning fireplace. The dining area opens to a 3-season room and an informal dining space near the kitchen. The efficient kitchen includes a JennAir dual-fuel range and French door refrigerator. The primary suite has built-ins and a large walk-in shower. Quality touches include 6-panel wood doors, hardwood and ceramic tile floors, and new carpeting. A finished family room in the basement offers additional living space, and the fenced backyard, underground sprinkler system, whole-house generator, and two-car garage provide low maintenance and peace of mind.
