## Overview

First time on the market for this fantastic home on sought after street in Rockwall! The original owners built this home with care and have maintained it with pride. The home features an open floorplan with tall ceilings and plenty of space. The living room has built in cabinetry, ceiling fan, and is central for entertaining. The kitchen is open to the living and breakfast area and features cabinets galore, an island, black appliances, and a walk in pantry. The primary bedroom is huge and has room for sitting along with an ensuite bathroom with separate vanities, tub, and shower. The primary closet is exceptional with floor to ceiling shelving and storage. The secondary bedrooms are completely split and are connected with jack and jill and huge closets. The study has a built in desk and cabinets. The home also has a large laundry with room for freezer and a three car garage! The lot is incredible! Huge yard with tons of room for your ideas! Close to shopping, dining, and great schools!
