Overview

This 3-bed, 2-bath home in Wyoming is absolutely charming! The open floorplan and large picture windows in the living room make the space feel so inviting and perfect for entertaining. The owner's suite with a private bathroom and main floor laundry adds a touch of convenience and luxury. The upstairs bedrooms and full bathroom provide ample space for family or guests, and the deck overlooking the fenced, park-like backyard is a wonderful spot to relax. The partially finished lower level with a second living area and bonus room offers even more versatility. This is fantastic place to call home!
