## Overview

Quintessential New England Ranch. Berkshire Mountain Views, on nearly an acre of Land, on a dead end street. Set back from the road amongst flowering crab apple and Magnolia trees, this charmer offers New England country living a stone's throw from modern life. Enjoy the foliage that this area is celebrated for, from your own yard! Dotted with black walnut trees, the yard has loads of green space perfect for gardening, but also provides shade. Hang your hammock and relax in this little slice of country heaven! 3 Bedrooms, 1 bath, spacious living room, and a cozy den with woodstove. Hardwoods and coffered ceilings. This home comes with two lots, one which the home is sited on, and an additional lot behind the home- with it's own frontage on the next street over! Currently a tree line on the second lot in back keeps the expansive yard private. Town assessors office lists the second lot as buildable. Buyers should confirm their own use with town officials. Licensees book w/ Showingtime.
