Overview

This listing is for a spacious 1,446 sq ft home, with a 441 sq ft garage. This home was built in 1986 and it's a 3 BR, 2 bath brick home, nestled in the quaint town of Bells Tx. Included is a very roomy 2 car garage with a good size storage closet. It has a newly remodeled kitchen and master bath, with new custom window blinds throughout the entire house. It sits on a little more than a quarter of an acre, and has a very large spacious backyard, with a large steel covered patio. It has lots of closet space with a large coat closet located inside the sizable laundry room, and a nice walk-through closet located in the master bedroom. This home also comes equipped with a security system already installed, central heat and air, with gas heat and gas hot water heater. This home has plenty of living space, and storage space, along with an attic, and is ready to be filled with your family's treasures.
