## Overview

Nestled on an expansive 2.2 acre lot, this single-family farmhouse offers spacious living. With over 1,500 square feet of living space, this residence features four bedrooms and 1 full bathroom. The entire home is adorned with beautiful hardwood floors and rich wood finishes throughout, adding warmth and character to each room. The property also includes an unfinished basement, providing an additional 1,000 plus square feet that awaits your customization. This is perfect for a recreation room, additional living space, or extensive storage. Outside, the large paved driveway leads to a detached 2-car garage, offering ample space for vehicles and outdoor equipment. Also septic system is brand new! The surrounding land presents endless possibilities for outdoor activities, gardening, or simply enjoying the peaceful and natural setting. This home combines the tranquility of rural living with the convenience of space and functionality, don't miss out!
