## Overview

Nestled on a secluded and wooded 5-acre lot, this property offers a tranquil retreat with a sense of privacy and peace. The spacious ranch-style home features three bedrooms, two bathrooms, and an office, covering 2,093 square feet of living space. The residence provides ample storage options, both in the attached garage and throughout, with generous closet space in each bedroom. Elegant bamboo flooring extends throughout the living areas, and the living room boasts a cozy fireplace for comfort and relaxation. The expansive primary suite includes a walk-in closet, offering both space and convenience. Outdoor living is equally inviting, with a back deck perfect for entertaining and a beautifully landscaped yard. For those with hobbies or projects, the property features a well-equipped shop and a large barn with an upstairs area. Discover the endless possibilities this unique home has to offer – schedule your visit today!
