Overview

Panoramic Bay views on 7.5 Acres with the potential to divide the lots and build a second bay view home. There is a creek on the property with potential water rights. The home also includes additional living quarters in the downstairs suite. This house features beautiful custom barreled ceilings, a large kitchen, wood floors, and recent renovations throughout the entire home. Outside you will find a large deck, Beautiful Oak Trees, a workshop, and a barn. Build a bay view home or workshop, vacation rental, have a farm, start an orchard, create a venue? The possibilities are endless.
