## Overview

Great home on a dead-end street in Lea Hill's desirable Carrington Bluff neighborhood. Main floor office could be used as 5th bedroom. Formal living/dining room boasts tall ceilings, crown molding and great natural light. Spacious kitchen includes a large pantry, center island, built-in desk and quartz counters; adjacent family room has a cozy gas fireplace. Generous primary suite has private 5-piece bath with walk-in closet and slate tile flooring. Attached 3-car tandem garage is set up for a great workshop with tons of storage. On one of the larger lots in the development, you'll appreciate the big back yard with an extended patio, garden area, and a nice mix of sun and shade. With central A/C and close to schools, you won't want to miss this one!
