## Overview

Home Sweet Home! This three bed, 1.5 bath home is on a quiet, tree-lined street in a central location. Home has a living area, galley kitchen with separate dining area, plus a spacious screened patio. Two bedrooms share a full bathroom in the hall. Third bedroom is on opposite side of the house with its own half bath, an office/desk nook and separate entrance from the carport. There is lots of potential with this layout! This house also has plenty of storage. There is a shed in the screened patio and a separate storage shed in the backyard. Bonus!! The house comes with the sweetest play house for kids. This play house has a porch and a window AC unit to beat the Texas heat. Enjoy every season in the large backyard with fruit-bearing trees.
