Overview

As you come into the house you will walk into a spacious living room with hardwood floors that go throughout the home. Through the archway you will go into the dining room with a beautiful marble fireplace. Keep going and you will come to the kitchen with a breakfast nook with lots of natural light and a view to your beautiful backyard. This beautiful home is composed of a master bedroom with it's own bathroom and a door leading to the backyard. It also has 2 more bedrooms with closets, perfect for a family. This amazing home has the garage converted into a 1 bedroom 1 bathroom studio with washer and dryer, perfect for a family member who wants privacy or as an extra source of income. The backyard boasts of a lemon tree, a beautiful gazebo, and high quality artificial turf, to help with water conservation. Tank-less water heater installed less that a year ago. Central A/C. Skylights in the home help natural light through. Copper pipes throughout the home. It's a MUST SEE! County states 1280 sq ft, but owner added an additional 500 sq ft to the living room without permi
