Overview

Come build your dream home on this beautifully wooded property! That features a cleared and graded potential build site with a driveway, surrounded by mature trees that ensure privacy and a serene setting. With overhead electrical and a water meter onsite, and fiber optic internet at the front and back of the property your quiet retreat will have on the modern creature comforts. Ideal for those seeking peace among the wildflowers, while still having the convenience of city amenities nearby. Whether you're looking to build a large estate or modest home with natures bounty surrounding you this is the property for you!
