Overview

Welcome to this quintessential craftsman-style home in the heart of Waban! Meticulously maintained and thoughtfully updated. Ideal for both entertaining and intimate gatherings, its spacious rooms flow effortlessly from one to another. Step inside to find a warm foyer leading to an inviting living and den area, both boasting elegant fireplaces. The main level also features a generous dining space, a large family room, a functional office, and a chef's kitchen with a sunny eat-in area opening onto a lovely bluestone patio. Upstairs, discover a luxurious primary suite complete with a full bath, tub, steam shower, and dressing room, alongside two additional bedrooms and another full bath. Two additional bedrooms and a full bath occupy the third floor. The lower level provides a playroom, ample storage, a wine room, and a mudroom, complemented by a two-car garage for added ease. Situated near shops, restaurants, Angier School, and the T, this home offers both style and convenience.
