## Overview

This centrally located Winneconne property offers five bedrooms and one bathroom. The home features original wood elements, including floors and other wood details, which contribute to its unique character. The exterior of the property includes an outdoor living area overlooking cherry, pear, and apple trees. Located across the alley from the Lutheran Church, this home's history includes a period of time when it was used as a church commissary. 9x15 Room is an enclosed 3 seasons porch on the front of the home. Home currently uses a PO Box and has no mailbox on property.
