Overview

Step into a piece of history with this exquisite home, built in 1914, where timeless elegance meets contemporary comfort. This residence boasts grand-sized rooms, stunning natural woodwork, and soaring high ceilings that exude classic charm. Custom stained glass windows add a touch of artistry, illuminating the spaces with vibrant colors and unique designs. Walk up the new front steps and enter the enclosed front porch that offers a serene retreat for unwinding and enjoying your morning coffee or an evening glass of wine. Enter the house into a delightful vestibule with a coat closet for added convenience. The main level features hardwood floors throughout, enhancing the home's sophisticated character. A standout feature is the separate large living room with built-in shelving units and the cased opening into the 16' x 16' dining room, perfect for hosting large gatherings, with ample space for a generous table. Don't miss the office off the living room that provides a quiet space for work or study. A charming swing door connects the dining area to the kitchen, blending practicality with classic style. You'll fall in love with the original butler's pantry complete with wood cabinets. Also off the kitchen is an adorable back porch that leads to the backyard. Completing the main level is a half bath with heated ceramic tiled floor. Upstairs, with three generously sized bedrooms and one bath, there's ample space for both relaxation and functionality. There is also a walk-up attic that offers plenty of storage space. Outside, you'll find an oversized detached two-car garage complete with electricity, ample storage space, and room for a workbench-ideal for the hobbyist or DIY enthusiast. The property spans three lots, providing a sprawling backyard perfect for gardening, a potential pool, or outdoor gatherings. A brand-new \$12,000 septic system is being installed for the new owners' convenience, while the modern HVAC system, only five years old, ensures year-round comfort. Additionally, a smaller original garage presents a unique opportunity to add more storage for motorized vehicles OR create a customized party zone / hangout spot. Don't miss your chance to own this beautifully preserved historic home with updates and an expansive outdoor area ready to meet your lifestyle needs. AND it is in the highly sought after Monticello School District!! Call for your private showing today!
