Overview

Experience a piece of history in this stunning home, nestled on a picturesque 0.85 acre lot in the heart of Port Austin, just two blocks from the harbor. Built in 1856, this 3800 square foot residence exudes character and timeless elegance. Featuring five bedrooms, four guest rooms, and five and a half bathrooms, it offers ample space for both family and guests. Hosting gatherings is a breeze in the home with its spacious living room, cozy den, formal dining room and an eat-in kitchen. Outside, you'll find a covered porch and a paver patio complete with a built-in brick grill. If a main floor master is your preference, the den offers a great option, featuring a fireplace and direct access to the front porch. Storage is abundant, with a 30x37+/- barn, an attached garage with an upstairs loft and convenient attic access from within the home. Additional highlights of this property include a wet bar, partially finished basement with guest room and full-bath, second-floor deck, two gas fireplaces and two wood burning stoves. Recent updates include a new roof on the barn, resurfaced hardwood flooring, oven replaced August/2024, refrigerator April/2023, fresh interior paint, and new bathroom additions.
