Overview

This 3.97 acre parcel has been used as a horse therapy and rehab center, so it is cross fenced, has a barn, corrals, and riding arena. Great location for mixed use, live/work/play, RV park(ing), commercial industrial development, or to build a new home(s). Close to amenities in Leander and Cedar Park, yet outside the city limits and not in the ETJ. Deed restrictions have been removed and there is no zoning or HOA. Well and electric on site. Septic needed.
