Overview

This two-story, 4 bed, 3.5 bath home offers the ideal layout with an open floor plan featuring a chef-ready kitchen, adjacent dining room, a large living room with a fireplace and an unfinished basement. The family room is located at the heart of the home offering a great space for gathering with friends and family. Large windows along the back of the home offer views of the covered outdoor living area. The inviting wraparound front porch is perfect for relaxing after a long day. Homeowners will appreciate the spacious master bedroom, large enough to accommodate your entire bedroom suite, as well as the beautifully designed bathroom featuring a dual-sink vanity, a soaker tub and a shower.
