Overview

This beautiful colonial home offers the best of both worlds. It is situated on a scenic country road in an idyllic private setting with a prime Concord location, yet it is only minutes away from major commuter roads and public transportation. This four bedroom home has been lovingly maintained and thoughtful touches throughout speak to its charm. The first floor has an easy flow, from the kitchen to the living room and first floor bedroom. There is a three season screened porch off of the family room, with which to enjoy the beautiful backyard, complete with a Gunite pool and cabana. A deck off of the kitchen with access to the sunroom is perfect for entertaining or taking in the pastoral views of serene farmland or the historic Minuteman National Park. A separate office suite with a separate entrance is an ideal workplace with its own entrance for privacy. Its desirable location and infinite charm are what makes this a truly special home.
