Overview

Welcome to this open, bright, spacious first-floor condo featuring a large kitchen. The property is situated in an area with fantastic District 203 Schools and offers convenient access for bringing in groceries from the parking lot. The second bedroom could be ideal for a work-at-home setup with added privacy. This move-in-ready condo boasts new LVP flooring and freshly painted rooms. The kitchen showcases white cabinets, a stone backsplash, and newer appliances. The bathroom includes a soaking tub. The living space is well-lit with canned lighting, and the unit has 2 A/C wall units. Additionally, the water heater was replaced within the past year. Outside, the well-maintained landscape provides privacy for the front patio, and the condo offers convenient resident and guest parking spaces with easy access to the parking lot. This is an excellent opportunity for a homeowner. The Green Trails Improvement Association (GTIA) includes 744 acres of residential neighborhoods, shopping centers, parks, landscaped common areas, and more. The outdoor areas comprise nine lakes, mature woods, grassy open spaces, hills, and flat land. Twenty-five miles of trails are available for hiking, jogging, or biking, and seventeen public parks offer playgrounds, tennis and basketball courts, and ball fields.
