Overview

Well maintained property with pool and huge workshop on almost a half an acre. This home has 3 bedrooms, 2 and a half bathrooms, big living area open to the kitchen and dining room. Property also has a bonus room that can be an office or used as a 4th bedroom, it does not have a closet though. Home has a sunroom with lots of windows to enjoy your morning coffee or could be used as an exercise room, play room, or 2nd living room. Located close to churches, schools, shops, and in a well established neighborhood
