## Overview

Welcome to this meticulously maintained 5-bedrm home in the highly sought after Hyde Park subdivision. Boasting over 3400 sq.ft of fin. space, it's the perfect blend of updates and comfort. Upon entering, you'll be greeted by the expansive dining room, flooded with light. The main floor also includes a living room, laundry, 1/2 bath, office, and is adorned with newly installed lux. vinyl flooring, complemented by fresh new trim on both the main and upper levels. The masterfully remodeled kitchen showcases sleek granite countertops, custom cabinetry with pullouts, under-cabinet lighting, tile backsplash, a large island, double ovens, pantry, and coffee bar, making this the perfect gathering spot! You'll love the spacious vaulted family room with fireplace for those cold winter nights. Upstairs, you'll find 4 large bedrms., all with ample closet space and a luxurious primary suite. Downstairs, check out the huge rec room, plus media room with custom shelving and french doors. An additional 5th bedroom, (no egress) 1/2 bath, storage area, w/ radon syst. finish off this level. Outside, the park like setting on .33 acres, beautifully landscaped with plenty of shade and privacy is an entertainers paradise, with a patio featuring a built-in bar area and fire pit, perfect for gatherings with family and friends. Extra parking (3rd car) /bball court top off this gem! Other upgrades include roof-'16, gutters-'20, HVAC-'14, garage door-'22. This exceptional home is a must-see property!
