## Overview

Introducing a homeowner's dream to Blue Island. Fully remodeled, permitted and passing all building department inspections, this home represents what every Blue Island resident would wish for in terms of modern and affordable living. Prime location stationed within a welcoming neighborhood, within minutes of Lincoln Elementary. With luxury vinyl plank and exclusive tile selections throughout the home, the design releases a feeling of elegance like no other. But it gets even deeper - the house has also been cared for behind the walls with a fully waterproofed finished basement, new copper plumbing, and a new circuit breaker rewired for high efficiency throughout the home. The fully finished basement provides enough space for a family room or bonus room. Sleep with a peace of mind knowing your investment is protected with a roof that still has plenty of life and no leaks, a brand new furnace, newer water heater, recharged central air and new vinyl windows. Never experience a dull day with the spacious backyard, connecting deck with landing and a spacious 2-car garage for convenience. The basement is basically a studio apartment! Perfect for any investor with a vision as well. Why wait? Book a showing now!
